## PROMOTIONAL CERTIFICATE ACCOUNTS

Term or Type	Dividend Rate	Annual Percentage Yield (APY)	Rate Fixed or Variable	Dividends Compounded	Dividends Credited	Minimum Opening Deposit	Additional Deposits	Early Withdrawal Penalty	Renewals

## CERTIFICATE TERMS & CONDITIONS

**1. RATE INFORMATION.** The Annual Percentage Yield (APY) reflects the total amount of dividends to be paid on an account based on the dividend rate and frequency of compounding for an annual period. For all fixed rate accounts, the dividend rate and APY will be in effect for the initial term of the account. The rates for Renewals shall be those rates in effect at the time of renewal. The APY stated is based on the assumption that dividends will remain on deposit until maturity; a withdrawal of dividends will reduce earnings.

**2. COMPOUNDING AND CREDITING.** The frequency with which dividends will be compounded and credited is set forth above. The dividend period for all certificates is monthly, for example, the dividend period begins on the first calendar day of the month and ends on the last calendar day of the month. Dividends will be credited and compounded at the end of each month and upon maturity.

**3. MINIMUM BALANCE REQUIREMENTS.** The minimum balance requirements for each account are set forth above. Minimum balance requirements may include a minimum opening deposit, the minimum balance that you must maintain in the account to avoid services fees, and the minimum balance that you must maintain each day to earn the stated Annual Percentage Yield for that account.

**4. BALANCE COMPUTATION METHOD.** We use the Daily Balance Method to calculate dividends on your account. The Daily Balance Method applies a daily periodic rate to the balance in the account each day.

**5. ACCRUAL OF DIVIDENDS ON NON-CASH ITEMS.** Dividends will begin to accrue on the business day that non-cash items (e.g. checks) are deposited to the account.

**6. MATURITY.** Your account will mature according to the term indicated on your maturity notice and as indicated on your account summary or statement.

**7. TRANSACTION LIMITATIONS.** In most cases, you may not make a partial withdrawal from a certificate or make additional deposits before the maturity date. The Credit Union may designate certain promotional certificates to allow these transactions.

**8. EARLY WITHDRAWAL PENALTIES.** The penalty for withdrawal of any of the principal (no penalty on dividends) prior to maturity date will equal 50% of simple dividends projected to be earned over the term of the certificate.

The penalty is calculated as a forfeiture of part of the dividends that have been or would have been earned on the account. The penalty applies whether or not the dividends have been earned and may result in the loss of principal. Exceptions to Early Withdrawal Penalties: We may, at our discretion, pay the account before maturity without imposing an early withdrawal penalty under the following circumstances: (1) if an account owner dies or is determined to be legally incompetent by a court or other body of competent jurisdiction; (2) if the account is a Traditional IRA Account and any portion is paid within 7 days after the establishment of the account provided the depositor forfeits an amount at least equal to the simple dividends earned on the amount withdrawn; (3) and if the account is an IRA Account and the owner attains the age of 73.

**9. RENEWAL POLICY.** Unless you otherwise instruct us, your certificate will automatically renew at maturity. You will have a grace period of 10 days after the maturity date to withdraw the funds in the account without being charged an early withdrawal penalty.

**10. NON-TRANSFERABLE / NON-NEGOTIABLE.** Your account is non-transferable and non-negotiable. The funds in your account may not be pledged to secure any obligation of an owner, except obligations with the Credit Union.

**11. DOUBLE PLAY PROMOTIONAL FEATURE.** The Credit Union may designate certain certificates to have a one-time rate adjustment during the life of the certificate. If this feature is made available, the dividend rate will be considered to be variable. If this right is exercised by the member, the rate to which the certificate is adjusted will be the rate offered on a custom certificate that has the same term and balance as originally contracted on the double play certificate, but it will not change any other feature of the certificate, including the maturity date.

**12. IRA CERTIFICATES.** Any certificate may be opened as an IRA Certificate.

**13. PROMOTIONAL CERTIFICATES.** Promotional certificates are only offered for a limited time. A promotional certificate will automatically renew as a custom certificate with the term closest to the promotional term and may have different features. External funds are funds not currently on deposit with the Credit Union. Internal funds are funds currently on deposit with the Credit Union.
